KATA PENGANTAR........................................................................................................ i
DAFTAR ISI................................................................................................................ iii
DAFTAR TABEL........................................................................................................ vi
DAFTAR GAMBAR................................................................................................... viii

I.    PENDAHULUAN................................................................................................ 1
  1.1  Latar Belakang ............................................................................................... 1
  1.2  Perumusan Masalah ....................................................................................... 8
  1.3  Tujuan Penelitian ........................................................................................... 9
  1.4  Manfaat Penelitian ......................................................................................... 9
  1.5  Ruang Lingkup ............................................................................................... 9

II. TINJAUAN PUSTAKA DAN KERANGKA PEMIKIRAN ............................. 10
  2.1  Kerangka Teoritis ........................................................................................... 10
    2.1.1  Konsep Manajemen Rantai Pasok ........................................................ 10
    2.1.2  Strategi Rantai Pasok ........................................................................... 14
    2.1.3  Struktur Rantai Pasok ........................................................................... 16
    2.1.4  Perencanaan Kapasitas ......................................................................... 18
    2.1.5  Teknik Optimalisasi ............................................................................. 18
    2.1.6  Goal Programming .............................................................................. 20
  2.2  Kajian Penelitian Terdahulu .......................................................................... 26
  2.3  Kerangka Pemikiran Konseptual................................................................... 30

III. METODE PENELITIAN ..................................................................................... 33
  3.1  Tempat dan Waktu ........................................................................................ 33
  3.2  Pendekatan dan Tahapan Penelitian .............................................................. 33
  3.3  Jenis dan Sumber Data .................................................................................. 35
  3.4  Teknik Pengumpulan Data dan Informasi .................................................... 36
  3.5  Teknik Pengolahan dan Analisis Data .......................................................... 36
    3.5.1  Analisis Deskriptif Rantai Pasok ........................................................ 36
      a.Struktur Rantai ................................................................................. 37
      b.Sasaran Rantai ................................................................................. 38
      c.Manajemen Rantai ........................................................................... 38
      d.Sumber Daya Rantai ........................................................................ 39
      e.Proses Bisnis Rantai ....................................................................... 39
    3.5.2  Analisis Optimi Struktur Rantai Pasok & Penggunaan Gudang .......... 40
      a.Penentuan Alternatif Struktur Rantai Pasok ..................................... 40
      b.Penentuan Alternatif Sumber Pasokan ............................................. 42
      c.Formulasi Model .............................................................................. 44
    3.5.3  Analisis Biaya Distribusi Beras ............................................................. 58
IV. PROFIL & PERKEMBANGAN OPERASIONAL DIVRE DKI JAKARTA

4.1 Sejarah Perum BULOG

4.2 Profil Perum BULOG Divre DKI Jakarta

4.2.1 Wilayah Kerja

4.2.2 Struktur Organisasi

4.2.3 Sumber Daya Manusia

4.2.4 Kapasitas Gudang

4.3 Perkembangan Operasional

4.3.1 Perkembangan Pengadaan (Pasokan)

4.3.2 Perkembangan Penyaluran

4.3.3 Perkembangan Stok

4.3.4 Perkembangan Pemanfaatan Gudang

V. KONDISI RANTAI PASOK BERAS

5.1 Struktur Rantai

5.1.1 Anggota Rantai

5.1.2 Entitas Rantai Pasok

5.1.3 Kemitraan

5.2 Sasaran Rantai

5.2.1 Sasaran Pasar

5.2.2 Sasaran Pengembangan

5.2.3 Pengembangan Kemitraan

5.3 Manajemen Rantai

5.3.1 Struktur Manajemen

5.3.2 Pemilihan Mitra

5.3.3 Kesepakatan Kontraktual

5.3.4 Sistem Transaksi

5.3.5 Dukungan Kebijakan

5.4 Sumberdaya Rantai

5.4.1 Fisik

5.4.2 Teknologi

5.4.3 Sumber Daya Manusia

5.4.4 Permodalan

5.5 Proses Bisnis Rantai

5.5.1 Pola Distribusi

5.5.2 Pendukung Anggota Rantai

5.5.3 Perencanaan & Penelitian Kolaboratif

5.5.4 Jaminan Identitas Merk

5.5.5 Proses Trust Building

5.6 Kunci Sukses

5.6.1 Trust Building

5.6.2 Koordinasi dan Kerjasama

5.6.3 Kemudahan Akses Pembiayaan

5.6.4 Dukungan Pemerintah
VI. ANALISIS OPTIMASI ................................................................. 99
  6.1 Formulasi Fungi Kendala Sasaran .............................................. 99
    6.1.1 Kendala Sasaran Pemenuhan Permintaan.............................. 99
    6.1.2 Kendala Sasaran Biaya Angkutan Minimal ............................ 100
    6.1.3 Kendala Sasaran Pengadaan Setempat dan Regional .......... 103
    6.1.4 Kendala Sasaran Kapasitas Gudang Maksimal .................. 105
  6.2 Fungsi Tujuan ................................................................. 107
  6.3 Analisis Postoptimal .......................................................... 110
  6.4 Hasil Optimasi ................................................................. 112
    6.4.1 Alternatif 1 ................................................................. 112
    6.4.2 Alternatif 2 ................................................................. 115
    6.4.3 Alternatif 3 ................................................................. 118
  6.5 Pembahasan ................................................................. 121
  6.6 Implikasi Manajerial ...................................................... 127

VII. ANALISIS BIAYA DISTRIBUTI RASKIN ......................... 129
  7.1 Pelaksanaan Distribusi Raskin ............................................... 129
  7.2 Biaya Operasional Distribusi Raskin ....................................... 132
    7.3 Biaya Angkutan Raskin Propinsi DKI Jakarta ....................... 132
      7.3.1 Tarif Angkutan ...................................................... 132
      7.3.2 Biaya Angkutan ................................................... 133
  7.4 Hasil Perbandingan Biaya .................................................. 135
  7.5 Pembahasan ................................................................. 136
  7.6 Implikasi Manajerial ...................................................... 137

VIII. KESIMPULAN DAN SARAN ........................................... 138
  8.1 Kesimpulan ................................................................. 138
  8.2 Saran ................................................................. 139
