

SUMMARY

DARWIN MANURUNG. Performance Analysis of SMP Kristen Satu Bakti. Supervised by LUKMAN M BAGA and DIAH KRISNATUTI.

Good performance results is an invaluable promotion for the progress of a private junior high school, both at regional or provincial level.

The implementation of regional autonomy has implications for the demands of the implementation of the evaluation process more professional, objective, honest and transparent as a series of supervision and coaching school in order to improve the quality of education, education requires a change in the system of supervision that not only carry out the supervisory function but also the function of guidance to menyelenggaraan education. This analysis was conducted aiming to identify the performance of SMP One Christian devotion in terms of interest, then provide accurate information for immediate repairs and provide managerial implications to the position holders.

Based on analysis of importance and performance made it an aspect that should be maintained is the principal's office, school performance, classroom management, the performance of administrators, funding sources, the use of media, use of funds, the crowning achievement non-academic school, report the use of funds is an aspect that is seeded and the pride in the eyes of the respondents, and should be retained by the foundation of the school.

While aspects that need to be reduced is planning principal, the principal achievement, personality of students, the implementation of the program leaders, non-academic achievements of students. these attributes are considered excessive or overkill, so it needs to be reduced so as not to be a burden in the future, the management of the school has the authority to reduce each of these aspects. Based on the research conducted should be maintained headroom school, school academic achievement, classroom management, the performance of administrators, funding sources, the use of media, use of funds, non-academic achievements School.

While the reduction of aspects that need to be done in order not to burden the management is planning school principal, head of school achievement, personality of students, the implementation of the program leader. These aspects need to be done by the foundation reduction in school
