HALAMAN JUDUL ......................................................................................... i
LEMBAR PENGESAHAN ........................................................................... ii
PRAKATA ..................................................................................................... iii
DAFTAR ISI ................................................................................................... v
DAFTAR TABEL ........................................................................................... xii
DAFTAR GAMBAR ....................................................................................... xiii

PENDAHULUAN
Latar Belakang ............................................................................................. 1
Perumusan Masalah ..................................................................................... 6
Tujuan dan Manfaat Penelitian .................................................................... 7
Tujuan Penelitian ......................................................................................... 7
Manfaat Penelitian ....................................................................................... 7
Ruang Lingkup Penelitian ............................................................................ 7

TINJAUAN PUSTAKA
Kerangka Teoritis ....................................................................................... 8
Bank .............................................................................................................. 8
Fungsi Bank .................................................................................................. 8
Aktivitas Bank ............................................................................................. 9
Peranan Bank .............................................................................................. 10
Klasifikasi Bank Berdasarkan Kepemilikan ............................................... 11
Nilai Perusahaan ......................................................................................... 12
Profitabilitas ............................................................................................... 15
Struktur Modal ........................................................................................... 19
Likuiditas .................................................................................................... 24
Kajian Penelitian Terdahulu ....................................................................... 25
Kerangka Pemikiran ................................................................................... 30
Pengaruh Profitabilitas terhadap Nilai Perusahaan ......................... 30
Pengaruh Struktur Modal terhadap Nilai Perusahaan ......................... 30
Pengaruh Likuiditas terhadap Nilai Perusahaan ................................. 31

Hipotesis ......................................................................................... 31

**METODE PENELITIAN**

Lokasi dan Waktu Penelitian ............................................................. 31
Pendekatan Penelitian ....................................................................... 32
Definisi Operasional Variabel ............................................................. 32
Jenis dan Sumber Data ...................................................................... 33
Teknik Pengumpulan Data .................................................................. 33
Teknis Analisis Data ......................................................................... 33

Analisis Statistik Inferensia ................................................................. 33
Uji Validitas dan Reliabilitas ............................................................... 34
Uji Asumsi Klasik ............................................................................. 34
Pengujiian Hipotesis ......................................................................... 34

Pengujiian Hipotesis (Uji F) ............................................................... 35
Uji Koefisien Determinasi \((R^2)\) ....................................................... 35
Uji Regresi Simultan (Uji F) ............................................................... 35
Uji Regresi Parsial ............................................................................ 36

HASIL DAN PEMBAHASAN

Pengolahan Data ............................................................................... 36
Deskripsi Statistik ............................................................................ 36
Uji Validitas dan Reliabilitas ............................................................. 37
Uji Asumsi Klasik ............................................................................ 37
Hasil Uji F ....................................................................................... 40
Hasil Uji t ......................................................................................... 40
Analisis Regresi Linier Berganda ....................................................... 41

Pembahasan Analisis Data ................................................................ 42
Implikasi Manajerial ....................................................................... 43
KESIMPULAN DAN SARAN ................................................................. 45

Kesimpulan ................................................................................. 45
Saran .......................................................................................... 45
DAFTAR PUSTAKA .................................................................. 46
DAFTAR TABEL

1. Perkembangan Price Book Value (PBV) Bank yang Go publik (Tahun 2011-2014) ........................................................................................................... 2
2. Perkembangan Return of Equity (ROE) bank yang go public (Tahun 2011-2014) berdasarkan buku 1-4 ................................................................. 3
3. Perkembangan Debt to Equity Ratio (DER) bank yang go public (Tahun 2011-2014) berdasarkan buku 1-4 ........................................................................ 4
4. Perkembangan Loan to Deposit Ratio (LDR) Bank yang go public (Tahun 2011-2014) berdasarkan buku 1-4 ................................................................. 6
5. Ringkasan Penelitian Terdahulu ........................................................................ 28
6. Analisis deskriptif ............................................................................................. 36
7. Uji validitas dan reliabilitas ............................................................................... 37
8. Hasil uji gleisser .............................................................................................. 39
9. Hasil uji multikolinieritas .............................................................................. 39
10. Hasil uji F ..................................................................................................... 40
11. Hasil uji t ..................................................................................................... 40

DAFTAR GAMBAR

1. Kerangka Pemikiran ......................................................................................... 31
2. Hasil pengujian normalitas ............................................................................. 38
3. Normal Probability Plot .................................................................................. 38

DAFTAR LAMPIRAN

1. Data Kompilasi
2. Peraturan Otoritas Jasa Keuangan
